The Leadership Institute Seminar:

Mixed Messages: The Changing Face of Discipline

Presenter: Dan St. Romain

Although behaviors in the school system have changed a great deal in the past few decades, our strategies for supporting those behaviors have not. By examining information learned about the brain, we are in a better position to understand how to best create long-term behavior change in our students. In this interactive session, participants will learn nine principles for positively shaping student behaviors. The information in this training has specific implications at both the classroom and school-wide levels, complements PBIS/behavioral RTI efforts and is applicable for pre-K through high school.

Sign-in begins at 8:00 a.m.
Institute Time: 9:00 a.m. – 12:30 p.m.
