

CLAS: Emerging Technology for Education Leaders (PLUACLD691)

With the increasingly complex demands on school administrators, it is important for educational leaders to understand how to use technology to increase efficiency and productivity as well as model the correct use of instructional technology. In this online PLU, participants will learn the “why” and “how” to implement effective technology use in schools. Expand your knowledge and skills by creating and implementing these tools:

- EdPuzzle
- Blogging
- Google Forms and Sheets
- Screencast
- Remind
- Flipgrid
- Today’s Meet
- Twitter
- Voxer

Fee:

CLAS Member \$315

Non CLAS Member \$525
